

DEN2 Campus Specifications

Denver, Colorado

8534 Concord Center Drive, Englewood, CO 80112

MARKET SUMMARY

Denver is an ideal location for energy efficient data centers as they can take advantage of the high desert environment for highly effective cooling.

With more than 98,000 square feet of raised floor space, the Cyxtera Denver colocation facilities accelerate business performance through traditional colocation solutions augmented with access to a suite of cloud and managed service providers.

These enterprise-class, carrier-neutral data centers are engineered to meet the demands of enterprise customers with the highest levels of flexibility, connectivity, security and power. They are designed to N+1 redundancy and supported by stringent critical systems infrastructure, powerful cross connects and rigorous multi-tier security measures. Together, the Denver data centers empower companies to expand their IT infrastructure, simply and securely.

DATA CENTER CAMPUS SUMMARY

DEN1 is located 20 minutes from Denver and 30 minutes from Denver International Airport. DEN2 is a single-story concrete building rated to withstand 105 mph winds.

MARKET BENEFITS

Three buildings totaling 98,218 sq/ft raised floor space and access to 29 MW of utility power

2 campuses provide in-region site diversity ideal for deploying active / active highly available workloads

Customer community of 220+ government departments, healthcare, financial services firms and other large enterprises

Compliance with SSAE18 SOC-1, ISO 27001, PCI DSS, and NIST 800-53PE standards

Uptime Institute M&O Stamps of Approval

Connectivity to 6 unique network service providers and growing community of service providers

Solution deployment options include individual Secure Cabinets and dedicated Secure Cages

Full amenities including break rooms, conference rooms, Wi-Fi, crash carts, and work kiosks

HIPAA aligned

TECHNICAL SPECIFICATIONS

Buildings

- Single-story purpose-built data center
- Building interior 85,660 sq/ft
- Raised floor 22,473 sq/ft
- 24" raised floor

Security

- 24x7 video surveillance
- 90-day video storage
- Gated security fence
- Bollards
- Two-factor authentication required to access
- Biometric scanners + badge readers
- Entrance mantraps
- Ballistic paneling in lobby
- Bulletproof glass

Fire Detection and Suppression Summary

- VESDA provides early warning detection
- Pre-action dry pipe sprinkler system

Connectivity

- Copper & fiber optic cross connects
- Dual diverse fiber entrance facilities
- Carrier neutral interconnection area
- Roof rights for antenna placement
- See www.cyxtera.com/data-center-services/data-center-locations/denver for complete carrier list

Reliability

- Uptime Institute M&O Stamp of Approval for operational excellence
- 100% Uptime SLA

Support Services

- Gold Support (remote hands)
- Structured Cabling
- Secure on-site spare & tool storage

Sustainability & Efficiency

- Wireless sensors
- Smart Lighting

Certifications & Compliance

- SSAE18 / ISAE 3402 SOC Type I
- ISO27001
- PCI DSS 3.0/3.1
- NIST 800-53 PE
- Uptime Institute Management & Operations Stamp of Approval

Amenities

- Free secure Wi-Fi
- Break room
- Food and beverage vending machines
- Crash carts & loaner tools
- Work kiosks
- Conference room
