

# IAD2 Campus Specifications

Sterling, Virginia

22860 International Drive, Sterling, VA 20166

## MARKET SUMMARY

Washington, D.C. is home to Fortune 500 companies and some of the most important financial institutions in the world.

The capitol also hosts the largest IP peering connection point in North America. Combined, the Cyxtera Washington, D.C. area data centers supply 556,457 square feet of data center space that empowers this vital communications nucleus. Designed to meet strict networking and IT security demands of enterprise, government and financial institutions, Cyxtera data centers offer failsafe critical systems infrastructure, powerful cross connects and multi-tier security measures that can be augmented for specific security requirements. From these facilities, technology connects markets across the globe.

## DATA CENTER CAMPUS SUMMARY

Located in Sterling, Virginia our IAD2 campus center is a single-story, purpose-built building on a fiber-linked campus in the heart of the Dulles Technology Corridor. The data center is located just 4 miles from Dulles International Airport and 30 miles from Reagan National Airport. It is located outside the 100-year flood zone and is FISMA Moderate Capable.

## MARKET BENEFITS
