

MSP1 Campus Specifications

Minneapolis, Minnesota

MARKET SUMMARY

Cyxtera's Uptime Tier III and LEED Gold certified Minneapolis data center campus is designed for optimal flexibility, connectivity, security and power.

With 100,000 square feet of adaptable space, intuitive ergonomics, highly tenured teams and powerful critical systems infrastructure, this Minneapolis colocation solution sets a new global standard.

Minneapolis State Tax Refund

The amendment of the 2011 State of Minnesota sales and use taxes statute provides a long-term sales tax refund for technology equipment and computer software used in qualifying data centers. The MSP1 data center qualifies for this program, which means that Cyxtera customers who purchase hardware and software to place in our data center are eligible for a sales tax refund on that purchase too. This reduces the total cost of ownership for that IT infrastructure versus installing it in a non-qualified data center.

DATA CENTER CAMPUS SUMMARY

Located in Shakopee, MN our data center is located in a single-story, purpose-built data center 22 miles from Minneapolis International Airport and downtown Minneapolis. The Uptime Tier III and LEED Gold certified site is above a 500-year flood plain and one mile from the providing substation.

MARKET BENEFITS

Tier III Certified 100,000 sq/ft data center with 4 MW of power, expandable to 10 MW

LEED Gold Certified data center demonstrating our commitment to environmental sustainability

Uptime Institute Tier III Certified for Operational Sustainability (TCOS) for maximum availability

Compliance with SSAE18 SOC-1, ISO 27001, PCI DSS, and NIST 800-53PE standards

Uptime Institute M&O Stamps of Approval

Connectivity to 5 unique network service providers and access to a community of over a 100 global enterprises

Solution deployment options include individual Secure Cabinets and dedicated Secure Cages

Full amenities including break rooms, conference rooms, Wi-Fi, crash carts, and work kiosks

HIPAA aligned

TECHNICAL SPECIFICATIONS

Buildings

- Single-story purpose-built data center
- Building interior 50,000 sq/ft
- Raised floor 28,900 sq/ft
- 36" raised floor

Security

- 24x7 video surveillance
- 90-day video storage
- Two-factor authentication required to access
- Biometric scanners and badge readers
- Entrance mantraps
- Ballistic paneling in lobby
- Bulletproof glass

Fire Detection and Suppression Summary

- VESDA provides early warning detection
- Fire detection and suppression, dual-action dry pipe sprinkler

Connectivity

- Copper and fiber optic cross connects
- Dual diverse fiber entrance facilities
- Carrier neutral interconnection area
- Roof rights for antenna placement
- See www.cyxtera.com/data-center-services/data-center-locations/minneapolis for complete carrier list

Reliability

- Uptime Institute M&O Stamp of Approval for operational excellence
- Temperature and humidity maintained to ASHRAE standards
- 100% Uptime SLA

Support Services

- Gold Support (remote hands)
- Structured Cabling
- Secure on-site spare and tool Storage
- Office space

Sustainability and Efficiency

- Wireless sensors
- Smart lighting
- LEED Gold Certified for environmental sustainability

Certifications and Compliance

- SSAE18 / ISAE 3402 SOC Type I
- ISO27001
- PCI DSS 3.0/3.1
- NIST 800-53 PE
- Uptime Institute Tier III Certified Facility
- Uptime Institute Tier III Certified for Operational Sustainability - Gold
- Uptime Institute Management & Operations Stamp of Approval
- LEED Gold Certified

Amenities

- Free secure Wi-Fi
- Break room
- Food and beverage vending machines
- Crash carts and loaner tools
- Work kiosks
- Conference room
